The following information reiterates and clarifies the Parking Strategy and Plan information last provided in February, 2015.

The Storrs Campus parking fees and rate structure benchmark those that will be applied on the Regional Campuses starting July 1, 2015. The term “Regional Campuses” specifies the Schools of Law, and the UConn campuses at Avery Point, Greater Hartford, Stamford, Torrington, and Waterbury.

Faculty and Staff Parking
Effective July 1, 2015, the rate and sliding scale currently paid by Area 2 permit holders on the Storrs Campus will be extended to Regional Campus employees for surface-lot and garage parking as follows:

In accord with the 2014 AAUP Agreement, Area 2 parking for Adjunct Faculty at the Regional Campuses will be $25 per semester/term (fall, spring, and summer). In accord with the 2015 UCPEA agreement its Regional Campus membership earning less than $37,500 will receive their Area 2 parking at no charge. In accord with a 2015 CEUI (NP-2) its Regional Campus members will receive their Area 2 parking at no charge.

Employee permits will be honored at comparable parking locations on other UConn campuses when travelling on University business.

Currently active 2014/15 employee parking permits will remain valid for use on all UConn Campuses until August 15, 2015. For this year only, their annual expiration date has been changed from May 31 to August 15, 2015.

Student Summer Term Parking
As in prior years, currently active student parking permits issued during the academic year will remain active throughout the 2015 summer; they expire on August 28. Student permits issued for the 2015 Summer Term are already available on for sale on each of the Regional Campuses. These Summer Term student permits are being sold at the rates previously published on each Regional Campus using preexisting sales processes.

2015/16 Academic Year Student Parking
The student parking fee at the Regional Campuses will equal the least expensive student rate on the Storrs campus. On July 1, 2015, that rate will be $110/year or $55/semester ($2.90/week average). Regional Campus student permits will
authorize parking on the Storrs Campus on permit lots associated with the $110/year rate. Student permits active at the end of the academic year will remain valid throughout the 2016 Summer Term; they will expire on August 28. Student parking permit rates are published online. Carpool rates are available; a permit’s price is equally divided and paid for by each carpool member and must therefore be purchased locally, on the originating Regional Campus. Additional information about carpool parking can be found on the Parking Services website at http://park.uconn.edu/.

**Permit Orders & Fulfillment after July 1, 2015**

On or about July 1, 2015, Regional Campus students and employees will be able to purchase their 2015/16 parking permits online using functionality now in development.

*Students* will be able to apply for and secure their online permit purchases using credit cards. The option of securing permit purchases to student fee bills will not be available.

*Regular Payroll employees* will be able to apply online and securing their parking permit purchases using pre-tax payroll deductions. Alternately, these employees will be able to pay for their parking permits in full using credit cards.

*Adjunct Faculty and others paid by Special Payroll* will be able apply for and pay for their parking permit purchases online and in full using credit cards.

All online parking permit applications will be processed and fulfilled on the Storrs campus. The fulfilled permits will mailed directly to permit holders from the Storrs Campus. If you have questions related to the permit application or fulfillment processes, please direct them to Lynn Garvais or Olga Mehrhoff at Parking Services. They can be reached by telephone at 860-486-4930 or by email sent to parkingservices@uconn.edu.

A parking permit inventory will be provided to each Regional Campus in amounts sufficient to allow limited local permit sales. All software and hardware (if needed) to process these local permit sales transactions will be provided by Parking Services along with all required training.

The online parking permit sales functionality and processes will be clarified by later updates; as will matters related to visitor/short-term parking and parking enforcement.

**Note:** The School of Medical and the School of Dental Medicine at UConn Health in Farmington are excluded from the scope of this plan as are the UConn parking operation in Bethel, Brooklyn, East Hartford, Haddam, New Haven, Norwich, and Vernon.
